MATSONIA WELCOME NOW READY LET SPIRIT OF

ARRANGEMENTS JOINT COMMITTEE FINISHES

"Out of respect to Captain William Matson and the work which he less done toward helping broaden the scope of Hawaii's shipping every resident of Honolulu should assemble at Pier 15 the morning of February 3 to welcome the Matson Navigation Company's new liner Matsonia. The occasion should be made a red letter day in the history of local commerce."

George A. Brown, chairman of the joint committee of the Chamber of Commerce and Merchants' Association in charge of the arrangements for the Matsonia welcome, expressed himself in the foregoing manner at a meeting of the body this morning, his remarks receiving the enthusiastic approval of, the members. The committee is composed of George A. Brown, chairman; H. P. Wood, secretary; E. A. Berndt, T. M. Church, J. A. Kennedy, John Drew, Wallace R. Farrington and George R. Carter, and, as a result of the meeting, everything is in readiness for the coming of the new liner.

According to the present plans, the members of the committee will meet and board the Matsonia upon her entrance into the harbor. Rear-Armiral C. B. T. Moore has granted the use of the tug Navajo, and this will circle about the Matsonia and have on bost Kapellmeister Berger and the Ha aboard the members of the co will present Captain Matson with

In case the vessel docks at an early hour, it possible that Captain Matson, Captain Johnson and the other officers of the ship will be taken for a sightseeing tour of the city, returning in time for a luncheon which the Chamber of Commerce and the Merchants' Association will give in the Walkiki dining room of the Young hotel, at which the two captains and the officers will be the guests of honor.

The committee appointed Mrs. E. D. Tenney as chairman of a committee of ladies to have charge of the decorations, flowers, etc., and, to avaid any confusion, each plate will bear a card in order that those who attend the dinner may have no trouble in seating themselves. The following menu, on which there will be a charge of \$2 a place, will be in
